

Big Brothers Big Sisters

Inside My Home

This activity will allow Bigs and Littles to learn more about the family structures they are a part of. Both Bigs and Littles should fill out a worksheet and share with each other.

Examples of fun facts:

- If the Little has siblings, they can write down their siblings' ages, or a favorite activity they enjoy doing with their siblings.
- If the Big has children, they should share their children's ages and interests.
- There is no right or wrong way to do this, every worksheet will be unique. Stick figures are great if you do not want to draw!

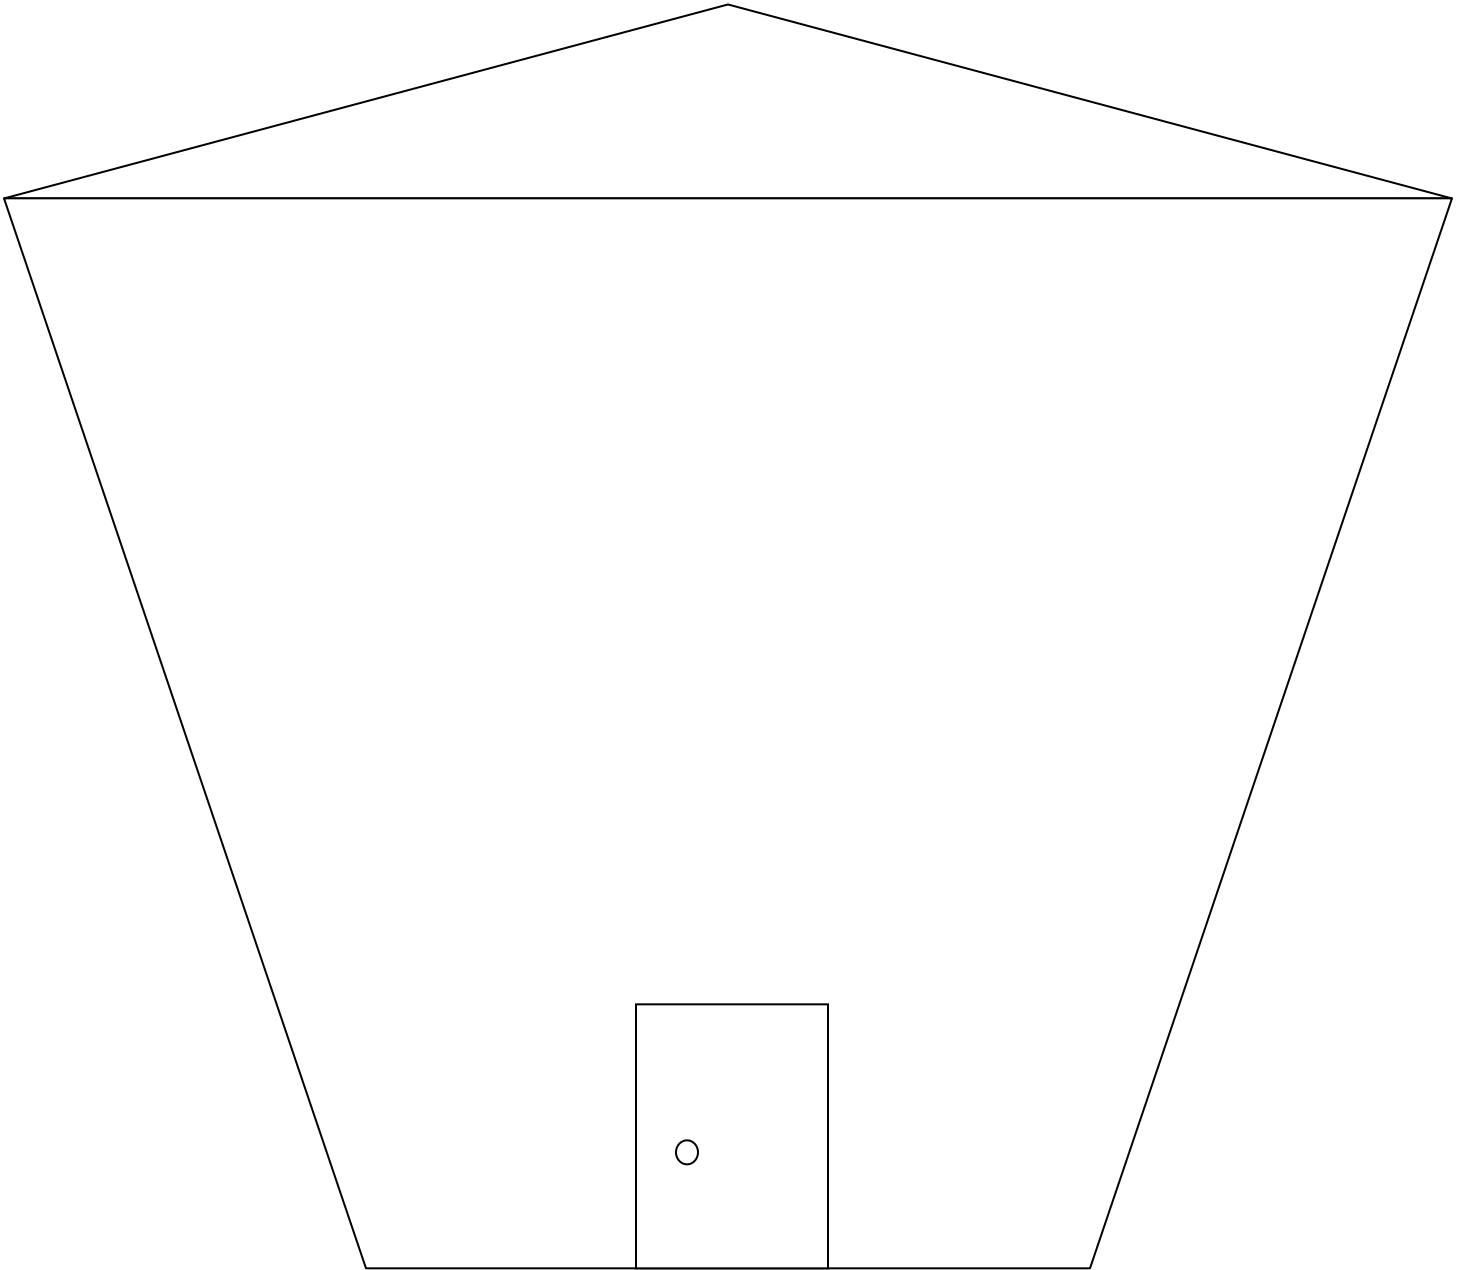

Inside My Home

About: Get to know each other by sharing who lives in your home.

Instructions:

1. List or draw a picture of everyone you live with inside the house below.
2. Tell each other one fun or interesting fact about each person you included!
