

Big Brothers Big Sisters

Paper Plane Games

Activity #1: Make your own paper plane

What you'll need:

- Paper

What to do:

1. Fold your paper into whatever plane model you like best. Use the library books to help you decide.

Activity #2: Plane Games

What you'll need:

- Your planes

What to do:

1. Play "Frisbee" with your plane by flying them back and forth between the two of you. Make sure to stand in an area where your passes will not hit anyone else.
2. Select a non-human target, like a chair or spot on the wall, and take turns trying to hit it to see who's plane is the most accurate.
3. See who's plane can travel the furthest distance or stay in the air the longest or just enjoy conducting whatever kind of test flights you'd like.
