

**Big Brothers Big Sisters**

## **Yarn Painting**

### **What you'll need:**

- 12" X 12" square of black paper
- Several skeins of multicolored yarn
- White colored pencil or crayon
- Pictures of artwork (prints from internet, magazine, etc.)
- Scissors
- Glue

### **Activity:**

- Sketch the desired design on the black paper with the white pencil
- Then using the glue, fill an area and "paint" by laying the yarn down and filling the space with it.
- This is best done by using a circular motion.
- Leave some black background showing through between the objects, just enough to set off the bright colors of the yarn.
- The final result is an artwork with texture!
