

Big Brothers Big Sisters

Careers and Dreams

This game is meant to teach Bigs and Littles about different types of jobs and career paths.

Pre Game Discussion: Talk about the careers that you each know of. What do you and your Little want to do when you grow up? What does it take to get there? What do your relatives do for a living? What's the coolest job you've ever heard of?

Play the game!

- 1) Each person chooses a career card (DO NOT LOOK AT IT!)
- 2) Put the career cards you selected into the name badges and clip them onto your shirt
- 3) Take turns describing one another's jobs. For each description you give of your partner's job, you must guess what your job is.
- 4) Whoever guesses correctly first wins that round
- 5) Play until the deck is empty

Post Game Reflection: Do you now know about a different job that you would like to pursue? Is there anything you learned about a job that you previously hadn't thought of?

Learn about more jobs online!
